"It is a great pleasure for me as governor of one of the greatest states in the union to welcome the delegates of this association. Our only regret is that every member of this association is not present so that when you return home the state of Georgia might be talked about all over the country.

"Here in Georgia we believe in advertising the resources of the state and the best way to advertise these resources is to let you come and see them. Georgia, as you know, is the youngest of the original states, and it was organized as a sort of eleemosynary institution, and we have been doing eliemosynary work ever since."

Mayor James G. Woodward was introduced and welcomed the delegates on behalf of the city. He was roundly applauded as he ceased to speak.

After paying a glowing tribute to the famous "Atlanta spirit," Mayor Woodward continued:

"Our employes—the wage-earning class—are honest, conservative, reliable, home-owning and home-loving people. Our employers are considerate, liberal and fair-minded men. With such a combination, strife and bitterness are eliminated, strikes are very infrequent and rioting and rebellion are positively unknown."

Colonel John Temple Graves was the next speaker introduced by President Maddox. Colonel Graves was greeted with applause.

Colonel Graves paid a glowing tribute to the pilgrim who first set foot on New England soil as he stepped from the Mayflower. He then painted a contrasting picture of the confederate veteran at the close of the war and told of his wonderful achievements since.

Bill to Create Bloxham County Passed Senate—School for Blind Has Its Appropriations Allowed—Armory Claims Lost in Adjournment.

Tallahassee, May 17.—The Senate convened at the regular hour yesterday.

The bill to create St. Lucie county from a portion of Brevard county occupied a great portion of the morning session as a special order of the day. While the bill was under discussion a motion to adjourn was made and withdrawn, after which several bills were introduced and the Senate adjourned until 3 p. m.

When the Senate reconvened at 3 p. m. Senator Hudson resumed his argument in the St. Lucie county bill.

An amendment to leave the question to a vote of the people was lost.

The bill was finally placed on the calendar to take its place among the bills under the head of third reading.

A bill to require all the legally qualified voters of the city of Pensacola to register was passed, 31 to 1.

On motion of Senator Adams, House Bill No. 65, by Mr. Johnston of Pasco, a bill to be entitled an act requiring teachers' summer training schools and making appropriations therefor, was read second time by title, third time in full and passed unanimously.

The bill providing for the division of Holmes county and the creating of Bloxham county, to be the western end of Holmes, divided by the Choctawahatchee river, came up and after a thorough explanation was passed by a vote of 24 to 8. The Senate's action was also ordered immediately certified to the House.

An amendment to the appropriation of $100,000 for the Deaf, Dumb and Blind school, placing the sum at $75,000, was carried and the bill passed and ordered engrossed.

The regular order was then taken up and a number of new bills introduced.

The new Jacksonville charter bill was signed by the Governor.

The armory bill came up for discussion, and was being discussed when the Senate adjourned until tomorrow.

In the House.

Tallahassee, May 17.—The House convened at the usual hour.

The joint committee on the East Coast Canal made its report and favored granting further time for the work. A supplemental report by Mr. Noble opposed the extension of time.

House Bill No. 32, an act to create a new school book commission, etc., was made a special order for Monday, May 22d.

The act to provide annuities to disabled soldiers and sailors, and wives of deceased soldiers and sailors, was amended and passed, the bill providing that any soldier who enlisted in the State troops, and is now a bona fide resident of the State, shall be entitled to a pension.

Several pension bills were brought up and passed.

After several amendments to the child labor bill it was ordered to be engrossed.

The House adjourned and met at 3 p. m., when the appropriation bill was taken up.

A burglar alarm costing $750 was ordered for the Treasurer's office.

An amendment was offered to appropriate $30,000 for the two encampments of State troops for the next two years, which passed after some discussion.

A bill to have all city and town board meetings held openly, also a bill regarding drains, etc., were passed to their third reading.

A bill was introduced to provide an exhibit at the Jamestown exposition.

House adjourned to 10 a. m. tomorrow.

Very Creditable Job.

The pavement around the court house square has been completed and it has the appearance of being a most excellent job of work, the brick being laid in a thorough manner. The lawn on either side of the walk will be planted, and the whole will add much to the appearance of the square. The work was done by J. D. Williams and he did it well. County Commissioner C. C. Pedrick had general supervision of the work, and he is certainly entitled to much credit for the watchful care he gave every detail of the construction throughout.

MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

FORMER RESIDENT HERE.

After an Absence of Eighteen Years O. F. Roux Visits Gainesville.

O. F. Roux of Union, S. C., is in the city on a visit to his brother, Frank Roux. Mr. Roux was reared in Gainesville until a young man, when he left to seek "new fields and pastures green." This is his first visit to Gainesville in eighteen years, and he expressed great surprise at the commercial development in the city.

"There was only one brick building in Gainesville when I left here," he remarked, "and that building was the store occupied by George K. Broome. I knew that Gainesville was growing, but had no idea of the broad extent of its improvement. You now have buildings which would be a credit to any city, and I am proud to see my old town forging ahead."

Mr. Roux is now engaged in the ice manufacturing business in Union, and old friends will be glad to know he is prospering. Union is a thriving manufacturing town of about 9,000 inhabitants, the principal industries being cotton and knitting mills.

Friends of Mr. Roux are glad to renew acquaintance.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

In Memoriam.

Entered into eternal rest, on the evening of May 7th, 1905, William Cassell of Island Grove, aged 89 years.

This simple announcement of the close of a long and useful life will thrill with regret a wide circle of friends and acquaintances who will remember him affectionately for his bright, cheerful and sunny disposition, and we shall miss him and sorrow to think that in this life we shall see his face no more.

Let those who loved him and would meet him again cherish to their soul's good the memory of his devoted life and think often of the shining example he has left for those who follow after.

He lived to a good old age past the four score, reached the sunset side of life, and, as the Sabbath light was falling into evening, his earthly life ended and he yielded up his spirit unto God who gave it, leaving to his children a blessed heritage.

The best that a parent could leave, the example of an unspotted life spent in the service of God, he was a consistent member of the Baptist Church and was an humble Christian. He was a noble representative of one of Carolina's best families, a good citizen, a kind neighbor and an exemplary Christian gentleman, and we feel that we have the confidence to believe that he is now numbered with the saints in glory everlasting. A FRIEND.

POINTS FOR SMOKERS.

Some Advice to Follow if They Must Use the Weed.

Very few people are aware how much harm is done to young men by the almost universal habit of cigarette smoking. The man who smokes cigarettes has one always in his mouth and is continually inhaling nicotine until the system is saturated with the poison.

The result of this practice is a catarrhal condition of the nose, throat and bronchi, a disordered and very irritable state of the nerves, a weak and rapid action of the heart and indigestion.

Thin, anaemic, weak, with clammy hands stained with nicotine poison, unstrung nerves and degenerated muscles, the youth of the land go on ignorantly suffering the consequences of a pernicious habit until attacks of heart trouble, nervous prostration, melancholia, etc., bring their condition to the attention of the physician.

If a man must smoke—and we admit the charm of the habit to those who have become accustomed to its soothing influences—let him choose a mild cigar and have certain set times for indulging. If he puts a certain restraint upon himself from the start in the matter of smoking, he will not overdo it, and there are few men who can smoke more than three cigars a day without injury.—Medical Brief.

Had to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these tablets to be just what you need. For sale by all druggists.

MUSIC AND HUMOR.

An English Critic Says That the Two Cannot Be Linked.

There is little room in music for humor and no room at all for wit. When I hear some one speak of the wit of a Chopin scherzo I think, "My friend, you had better see a doctor at once; you are slightly deranged mentally." In association with words there can be humor in music, as, for example, the prolonged low notes Handel gives to Polyphemus when he asks for a hundred reeds "for my capacious mouth." But the humor of Haydn and Beethoven in their instrumental works consists entirely of practical jokes—a sudden low C on the bassoon, a horn passage which no horn player can ever hope to play, a bass who enters a bar too soon or too late. The late Harold Frederic summed up the question beautifully. He said to me one day when I had not laughed at one of his stories: "Musicians have no sense of humor. When I was a young man touching negatives in a photographer's studio I was very musical. I had notes in my voice that couldn't be found in any piano in our parts. I had no sense of humor. Afterward I developed a sense of humor and lost my voice."—London Saturday Review.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. W. McCollum & Co.

Better Than His Own.

They were discussing the factors which make for success in the world when the knowing young man said:

"There's nothing like force of character. Now, there's Jones! Sure to make his way in the world. He's a will of his own, you know."

"But Brown has something better in his favor."

"What's that?"

"A will of his uncle's."

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in hot water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

A HOPELESS FIGHT

It is as impossible to conquer the king of diseases—Contagious Blood Poison—with Mercury and Potash as it would be to conquer the king of the forest in a hand-to-hand encounter, as thousands who have had their health ruined and lives blighted through the use of these minerals will testify. They took the treatment faithfully, only to find when it was left off, the disease returned with more power, combined with the awful effects of these minerals, such as mercurial rheumatism, necrosis of the bones, salivation, inflammation of the stomach and bowels, etc. When the virus of Contagious Blood Poison enters the blood it quickly contaminates every drop of that vital fluid, and every muscle, nerve, tissue and bone becomes affected, and soon the foul symptoms of sore mouth and throat, copper-colored blotches, falling hair and eyebrows, swollen glands, sores, etc., make their appearance. Mercury and Potash can only cover up these evidences for awhile; they cannot cure the disease. S. S. S. has for many years been recognized as a specific for Contagious Blood Poison—a perfect antidote for the deadly virus that is so far-reaching in its effects on the system. S. S. S. does not hide or mask the disease, but so thoroughly and completely cures it that no signs are ever seen again. S. S. S. while eradicating the poison of the disease will drive out any effects of harmful mineral treatment. A reward of $1,000.00 is offered for proof that S. S. S. contains a mineral ingredient of any kind. Treatise with instructions for home treatment and any advice wished, without charge.

Why Suffer From Rheumatism?

Why suffer with rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

MONEY WASTED? HEALTH GONE?

After Doctors Have Acknowledged Their Failure, We Say G. F. P. Will Positively Cure—Your Money Back if it Doesn't.

It's a pretty hard matter in these days to make a sick, despairing woman believe that there is really one remedy which will positively cure those diseases and weaknesses peculiar to the sex. She has probably "doctored" until purse and patience are both exhausted—has tried first one reputed remedy after another—but always with the same result—failure—and if you are one of these, we address you in sympathetic confidence.

G. F. P. (Gerstle's Female Panacea) is no new, untried preparation. It has stood the test of years and has cured thousands. In cases of prolapsus (falling of the womb), irregular, painful or suppressed periods, ovarian troubles, etc, it has no equal. You don't have to take our word for it, either—get a one-dollar bottle from your druggist, use it carefully as directed, then if you can conscientiously say you have not been benefited take the empty bottle back to the man who sold it to you, and he will instantly refund your dollar.

If your druggist cannot supply you send us one dollar direct, and we will send you a bottle express prepaid. If you feel that your case represents any peculiar features and that you need advice, write to the Ladies' Health Club, care of the Gerstle Medicine Co., Chattanooga, Tenn., and your letter will be answered and the very best advice freely given by experienced and sympathetic women.

EIGHTEEN HUNDRED A WEEK.

Is the Sum Nan Patterson Will Get For Returning to the Stage.

New York, May 17.—Leon Berg, representative of Hurtig & Seamon, New York theatrical managers, said that his firm has secured a two-year contract with Nan Patterson for her appearance in a few weeks in their theater here and later with one of their road companies.

Mr. Berge said the contract provided for a sliding scale of renumeration, beginning very high and tapering down as public curiosity lessened. Her salary at first, according to Berg, will be about $1,800 per week, which will be for several weeks. An authorized announcement of parts she is to appear in was issued Monday from the office of her counsel, Mr. Levy.

The royalty from the sale of her book will be considerable unless it is too long withheld.

English Officer Arrives at Capetown.

Capetown, Cape Colony, May 17.—Lord Selborne, former first lord of the British admiralty, and the successor of Lord Milner as high commissioner in South Africa, arrived today and received an enthusiastic welcome. Replying to the mayor's address of welcome Lord Selborne said he desired to help all those who wished for the peace, prosperity and progress of the country. He would not shrink from taking his share in the common task entrusted to them.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.

On May 16th, 1767, the first performance on the piano was had at the Theatre Royal, Convent Garden, London, England. "The Beggars" was the opera presented, and on the program was the announcement: "Miss Brickler will sing a favorite song from Judith, accompanied by Mr. Diddin on a new instrument called the piano forte."

The eastern portion of the city is growing up as if by magic and the number of new residences that have been erected this year, and which are now in process of erection, is a surprise to those who do not visit that section very often. The east portion of the city is fast becoming the popular residence portion and property is held at a good figure.

FRIENDS OF EDUCATION.

Radical changes in the methods of running or the concentration of the educational institutions of the State, will have a more or less demoralizing effect on the progress Florida is making along this line, and it is a question whether the disorganizing of our colleges would be endorsed by a majority, if they realized what was being done.

Even if a central college were organized in the geographical center of the State, with the ablest instructors in the land at its head, the distance many students would have to travel from the extreme ends of the State to reach such an institution, would make it impossible for many students of moderate means to enjoy its benefits.

The moral atmosphere surrounding many of the smaller institutions of learning are often considered by parents who have children they desire to gain something more than a high school education, and it is often the case that parents think as much of the influence surrounding their children as they do of the school to which they desire to send them.

And the reputation of a school is not built in a day. Years are consumed to develop a school or college, although a good name may be lost in less time. The college that has a high standing, attained by means of earnest endeavor, when in the hands of a thorough faculty, is sure to be endorsed by the best people in the community where it is located, and the endorsement of these people does much to build up the patronage.

A competent faculty is secured by a competent board of trustees—men who have an interest in the work for the good of the rising generation—and it is certain that a board which is the least indifferent will not do the work as faithfully as men who have their heart in the cause and take pride in the advancement they feel that their efforts have brought forth.

Centralization in the power of the government of our common country is disapproved by those who love its institutions—the Democratic principles upon which this country is founded, and if we desire to be the friends of education, is it not better to have schools from which parents can select to send their children, rather than be compelled to send them where they are obliged to take one thing or nothing?

Associations have much to do with the training of the young, and where the conjunction is agreeable to the parents, there they prefer to have their children make their start up the ladder toward the pinnacle.

The warm days we have endured during the month have been quite demoralizing to ambition, and quite anything was resorted to as a pastime. At a certain residence a few evenings ago a young man was engaged in a praiseworthy effort to entertain four young ladies, and his fund of original humor from Ezra Kendall's funny books was quite exhausted, when he noticed a man passing along the walk who was in Dr. Osler's list. He looked at the man and then said to one of the ladies that he wouldn't like to be old and bald like some people. The young lady encouraged him by saying: "You will never be bald. The soil is too soft and yielding; you will always have a good head of hair."

Italian Farmers for Georgia.

Macon, Ga., May 17.—A letter to the chamber of commerce Monday announced that B. F. The letter stated that Mr. Buck would visit Macon and see the situation near here before attempting to locate any of the colonies.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

INCITED MUTINY.

An English Admiral Once Did This by Royal Command.

Not only did an English admiral once receive instructions to incite his men to mutiny, but he actually carried his instructions out.

On the eve of the death of James I., and as a result of Prince Charles' marriage to Henrietta Maria, Buckingham agreed to lend the Vanguard and seven merchantmen to the French. Before his promise was fulfilled the Huguenot rebellion at Rochelle broke out, and by the time Sir John Pennington, who had been put in command, was ready to sail the authorities in England became disagreeably aware that their ships would be used against the French Protestants.

Buckingham was conscious of the storm of indignation this would arouse in England. In his perplexity the only solution that occurred to him was to instruct Pennington to get his men to mutiny. A secret message to this effect was sent him through the Earl of Pembroke, and Sir John, who had no wish to hand the ships over to the French, obeyed and allowed his crew to carry him and his officers back to England.

Trees That Make a Noise.

A curiosity is known in the tropics as the sand bark tree and also as the monkey's dinner bell. It has a round, hard shelled fruit about the size of an orange, which when ripe and dry bursts open with a sharp noise like the report of a pistol. Its juice is poisonous. The South American trumpet tree might furnish a band with musical instruments, inasmuch as its hollow branches are utilized for horns and also for drums.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

CONFERENCE OF THE SECOND ADVENTS

First Session Opens With the Usual Earnest Zeal.

MANY CHURCHES REPRESENTED

Reports of the Growth of the Society Come From Many Cities—The Sessions Will be of Interest to All—The People Invited.

The Second Quarterly Conference of the Second Advent Church of the State convened with the Gainesville church on Wednesday morning, May 17th, and the attendance was as good as could be expected, the churches in the conference being fairly well represented.

The session opened with devotional service led by Elder O. T. Mattox. After a song by the choir and congregation, the Scripture lesson was read from Psalm 145. Prayer was then offered by Brother J. D. Kendrick.

Some of the delegations were not complete at the opening, but there were several arrivals later. From the outset the meeting looked very encouraging to those whose hearts were in the work and there was much encouragement for them.

Among the delegates present were Bro. T. Dowling and Elder O. T. Mattox of Live Oak; Elder P. H. Dowling representing Peacock and Slayton; Elder J. T. Johnson and Brother C. R. Armstrong of Jacksonville; Elder J. Sherouse of Jacksonville.

Elder T. B. Wright of South Carolina was among the visiting brethren and gave words of encouragement.

The sessions were devoted mostly to business and many reports were read.

Brother Sherouse had a report from Mulberry church which spoke of much good being accomplished there.

Bros. J. H. and Jacob Cannon brought encouragement from Slayton and Peacock.

The evening song and praise service was attended by a very good audience.

The meeting will convene at 9 a. m. today. The people of the city are invited to come.

TRANSPORTATION PARTY.

W. J. Ayers of Jacksonville, traveling freight agent, R. K. Barton of Tampa, traveling freight agent, and D. E. Williams of Jacksonville, commercial agent of the Southern Railway, and S. A. Williams of Jacksonville, traveling freight agent of the Queen & Crescent Route, formed a party Wednesday who came to look over the trucking situation along the Gainesville & Gulf Railway.

These gentlemen made a trip south along the Gainesville & Gulf, and were well pleased with the prospects.

SANFORD IS PROSPEROUS.

A Large Quantity of Vegetables Moved During the Season.

Among the visitors to Gainesville Wednesday was T. E. King of the Armour Car Lines, who for the past few weeks has been making his headquarters at Sanford.

Mr. King states that the Sanford section is undoubtedly the heaviest shipping section for truck in the State. That section is a heavy producer of celery, lettuce and tomatoes.

There has already been shipped from the Sanford district by refrigeration 145 carloads of celery and possibly fifty carlosds by express. The shipping is not yet over and the probability is that 205 carloads will be shipped before the season is over. The greater part of the refrigerated crop was sold by the growers f. o. b. and realized good prices.

"Talk about lettuce," continued Mr. King, "I have seen a great deal of lettuce during my connection with the transportation business, but that Sanford crop beat everything I ever saw. Lettuce seemed particularly to prosper in that section, with the result that there has been shipped by refrigerator alone 150 carloads. This plant, though exceptionally fine, did not bring encouraging prices, owing to the large crop throughout the State."

Mr. King states that the truckers are now shipping tomatoes, which are very fine. The indications point to a yield of about 200 cars.

NEW LODGE AT WILLISTON.

Members of Mount Vernon and Archer Lodges Institute K. of P. Lodge.

The team from Mount Vernon Lodge No. 20, Knights of Pythias, who assisted Archer Lodge in instituting a lodge at Williston Tuesday night, returned to this city Wednesday morning.

The visitors report an excellent time and are loud in their praise of the manner in which they were entertained by the Williston boys. The instituting proceedings and initiation of candidates was an all-night undertaking, but there was plenty to eat, prepared in that good old style in which Williston folks know how to prepare things, and nobody felt the effects until after returning home.

The lodge was launched with most encouraging prospects. Sixteen members were initiated into the mysteries of the order, and it is understood that several applications for membership have been filed. The members manifested a great deal of enthusiasm in the work.

The following officers were elected for the first term: S. Phillips, chancellor commander; Dr. J. M. Willis, vice-chancellor; James A. Galloway, prelate; R. M. Fugate, master of work; W. O. Brewer, master at arms; P. W. King, keeper of records and seal and master of finance; T. D. Williams, master of exchequer; H. G. Nelson, inner guard; C. A. Vaughan, outer guard.

Jottings From Jonesville.

Jonesville, May 18.—There was a fish fry at Horse Shoe Lake last Wednesday. Among those present were Dr. A. R. Williams, T. L. Wilson, Theo Allen, Paul Bates, T. C. Scott, B. P. H. Dudley, and a good many others. The day was well spent eating fish and discussing watermelon growing.

A. T. Allen, one of the watermelon and cantaloupe growers, has returned from a short visit to South Carolina.

M. C. Goutt, the commissary man of Tioga, has gone home to spend a few weeks.

Mrs. Murphy of Komoko has gone to Jacksonville to spend a few weeks with her mother.

The peach crop at Komoko is looking well. They have a good many hammers ringing, making crates. It seems from the looks of the crates they are having made, they anticipate shipping quite a lot of fruit this season.

The farmers through this section are having beautiful weather for sowing grain.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

Ladies' Auxiliary Elect Officers.

Portland, Ore., May 17.—The Ladies' Auxiliary of the Order of Railway Conductors, continuing its annual meeting here has elected the following additional officers: Grand senior sister, Mrs. L. H. Rigg, Tucson, Ariz.; grand guard, Mrs. W. S. Garr, Atlanta, Ga.; Mrs. J. H. Meome, of Toledo, Ohio, who yesterday was elected grand president, was also elected president of the Fraternal Beneficiary association. Mrs. P. C. Callahan, of Jamestown, Tenn., was elected a member of the grand executive committee.

A World Wide Reputation.

White Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Boy Wants $100,000 Damages.

New York, May 17.—John H. Freit 17 years old, who began as an exercise boy, but afterward became a jockey, has begun suit against August Belmont for $100,000 damages for alleged libel. He was employed by Belmont, but had some misunderstanding with the stable or disobeyed orders and went west. Notice that he had got a discharge was printed in the Racing Calendar of the Jockey Club. As a result, the boy was not able to get employment.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Rojestvensky's Plan Secret.

St. Petersburg, May 17.—The naval game in the Far East is watched with intense interest, but the admiralty is able to throw but little light on the situation. It gives no confirmation of the Tokio report that Admiral Rojestvensky returned to Hon Kohe Bay. The Russian admiral is keeping his movements and plans secret.

You Get Up

In the morning tired, languid, and frequently with a headache that is almost unbearable. You have been nervous, restless and sleepless night after night, and gloomy and irritable during the day. This nervous exhaustion affects the heart, lungs and other organs that depend upon the nerves for motive power. Then the stomach fails to digest the food; the heart action is weak, and circulation poor, and the kidneys and liver inactive.

What you need is not a stomach, head, kidney or liver medicine, but Dr. Miles' Nervine to soothe and feed the nerves and build nerve tissue.

"My wife was subject to severe mental strain, which resulted in nervous prostration. The first symptoms were uncontrollable crying and melancholy spells, which increased to such an extent that for over a year she would have a spell every day of from four to six hours duration. She required the constant attention of her physician and attendants. She suffered great pain and anguish. The best physicians attending her could give no relief, and she finally became almost of unsound mind. As a last resort I began giving her Dr. Miles' Nervine and Tonic, and noticed that her spells next day were not so severe, and they gradually disappeared altogether. She has had no recurrence of the spells, and is gaining in health and strength.
J. P. OVERHOLSER, Sterling, Ill.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

CALIFORNIA

Do you want to live where the climate is mild the year round—where labor is never oppressed by stress of weather, and where animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more varied than in any other equal area in the world, where the division of great ranches affords a fine opportunity to get a small farm that will assure you a competence?

Do you want to live where, with a minimum of labor, you can grow profitable crops of grapes and small fruit, oranges, lemons, olives, prunes and almonds, alfalfa and grain, where crops are sure, business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await your coming.

INDUSTRIAL MEETING CLOSES.

Georgia Association Hears a Stirring Speech from Dan Sully.

Atlanta, May 17.—With a stirring address by Daniel Sully, the cotton king, the fifth annual convention of the Georgia Industrial association was brought to a happy and successful end. From each and every delegate attending the sessions at the Carnegie library, the every opinion expressed was the most satisfactory in the history of the association.

The unanimous election of the old board of officers and members of the executive committee was sufficient proof that members believed the interests of the association to be in the right hands, and although President Gordon asked to be relieved of the duties of chief officer, he was prevailed to reconsider, and the re-election resulted as follows:

F. B. Gordon, president, Columbus, Ga.; H. P. Meickleham, vice president, Lindale, Ga.; Charles D. Tuller, secretary and treasurer, Atlanta, Ga.

The following were re-elected members of the executive committee: J. P. Verdery, Augusta; J. L. Hand, Pelham; F. E. Callaway, LaGrange; B. S. Walker, Monroe; W. G. Kincaid, Clifton; F. B. Gordon and H. P. Meickleham, ex-officio.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Sold by J. W. McCollum & Co.

Ex-Congressman Goes to Jail.

Cleveland, May 17.—L. P. Ohliger, ex-president of the closed Wooster (Ohio) National bank, pleaded guilty before Judge Taylor in the United States district court to a count in one of the indictments charging him with having issued a draft when there were no funds in the bank to meet it. Judge Taylor sentenced Ohliger to eight years' imprisonment in the Ohio penitentiary. Ohliger is an ex-congressman, ex-county treasurer, postmaster at Wooster under President Cleveland's first administration, and collector of internal revenue at Cleveland during Cleveland's second administration.

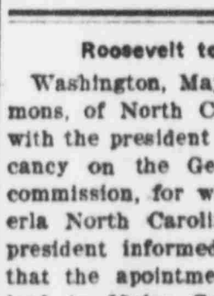
Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.



The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

Roosevelt to Visit South.

Washington, May 17.—Senator Simmons, of North Carolina, had a talk with the president today about the vacancy on the Gettysburg battlefield commission, for which there are sever1a North Carolina applicants. The president informed Senator Simmons that the apointment had been promised to Major General Lunsford L. Lomax, of Virginia, Incidentally the president said he expected next October to take a trip through the south, and it was his desire to visit both Raleigh and Charlotte, N. C.

Southern Bill Posters in Session.

Birmingham, May 17.—The Southeastern Bill Posters and Distributors' association met here in seventh annual session with an attendance of about 40 members. W. A. Sheetz, of Nashville, president, is presiding, with H. E. Stoops, of Chattanooga, secretary. Mayor G. B. Ward welcomed the members of the association to Birmingham. The convention will be in session two days considering matters of interest to the craft.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Good Peach Crop Assured.

Rome, Ga., May 17.—The peach crop in northwest Georgia will be much greater than has been expected. The freezes in the late spring, it was first thought, had damaged the crops at least 50 per cent, but it seems that much is not the case. There is, however, some damage, but nothing like it was at first thought to be. The peach growers for the past ten days have been wearing broad smiles over the prospects and it is now generally conceded that the crop will not be short over 10 per cent.

Mistook Friend for Burglar.

Macon, Ga., May 17—Jas. Mitchell, the 18-year-old stepson of Cooper Winne, of this city, is at the city hospital, dangerously wounded as the result of having been taken for a burglar by his friend, Henry Davis. A ballet from a revolver pierced the liver and almost passed through the body. The wounded man is resting after an operation and was living at a late hour.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Fiddlers to Hold Convention.

Rome, Ga., May 17.—The interstate fiddlers' convention will meet here on Thursday and continue in session three days. Terrell Speed, known as the "Coonskin Statesman" will be the master of ceremonies. Besides the usual routine business there will be the usual contest for the championship in the various ways of playing the violin and the violincello. A rather unique feature of the contest is that no man who understands a note is allowed to enter. Only those who play the old-time melodies and play entirely by ear will be permitted to enter the contest.

Georgia Railroads Consolidate.

Waycross, Ga., May 17.—Consolidation of the Douglas, Augusta and Gulf railway and Ocilla, Pinebloom and Valdosta railroad, was perfected at Douglas yesterday and purchase of same by a new set of stockholders, went into effect. The price paid for the road, which runs from Barrows Bluff, on the Ocmulgee river, to Nashville, Berrien county, Georgia, and is 58 miles long, was said to be $300,000. Jno. McLean, of Douglas, is president; W. M. Toomer, of Waycross, vice president; J. C. Reynolds, of Waycross, secretary, and C. E. Baker, of Douglass, treasurer.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

We will name a few articles that we have in our establishment that will help you to be comfortable:

A Nice Hammock

A Good Ice Cream Freezer
has a tendency to lower the temperature.

A Climax or Dixie Net
hung over your bed will make the room 5 to 10 degrees cooler when the mosquitoes begin to try to sing you awake.

A Suit of Our Feather-Weight Underwear
will keep you as cool as a cucumber.

A Pair of Our Low-Cut Shoes
will keep the feet thoroughly comfortable.

We might name many more articles, but if you will just call we will take great pleasure in showing you the balance of them.

Reception at Tallahassee.

The Pensacola News in speaking of the reception tendered by General Gilchrist at the Leon Hotel last week, to the county superintendents of schools, says that it was a most charming and delightful affair. State Superintendent Holloway and Mrs Holloway were prominent in the receiving line, and General Gilchrist was ably assisted in his efforts to make the evening a success by Miss Hampton, who had entire charge of the arrangements, and the ladies, who were under her direction, arranged and perfected the pleasing details.

In the dining-room, which was lavishly decorated, delicious fruit punch was served. Mrs. H. H. McCreary and Mrs. J. Stuart Lewis presided at the bowl.

At 11 o'clock the dancing began, thirty couples, among whom were the local belles and beaux and visitors, taking part in the dance. Between the numbers the cool, spacious porches were a favorite rendezvous for the dancers.

The evening was one of unalloyed pleasure, and was a very graceful compliment to the distinguished body of men who have been here for the purpose of perfecting the county school system of Florida.

Col. Geo. G. Mathews' Lecture.

There was an attentive audience present at Seminary Hall last evening to listen to the address of Col. Mathews has an excellent delivery, is well posted with his subject and his language is pleasing to all who enjoy elegance of diction. Being a man of letters he finds little difficulty in entertaining audiences of the better classes. His lecture deserved a full house.
